

ACRYLIC & MIXED MEDIA PAINTING

MASTERCLASS

WITH ROSS MORGAN

OUTLINE:

The aim of the workshops is to look at painting as a whole – whether it is developing ideas, experimenting or creating a final piece. The tutor will guide artists to develop their own direction, style and preferred medium. Whether you are a photorealist or an abstract expressionist all techniques and mediums are catered for.

Some key topics covered:

- Techniques & properties of acrylic & oil paint
- Mixing colours
- Special effects & experimenting with mediums
- Collage, transfers & enlarging
- Working on different surfaces
- Working from photos, life & sketches
- Tonal realism & glazing
- Developing a concept & a style

MATERIALS:

If you don't already have your own materials it is best to wait until after the first class so you can get a basic idea of what you would like to use. The tutor will be able to help you make a basic list of things that would be suited to your direction. Quality materials can be expensive, and everyone works differently. It would be a waste to purchase something you will not use. There will be opportunity to trial some materials if you are unsure.

***Some materials are available for purchase from the studio.**
